

Meeting Date: November 7, 2013  
Facilitator: Christian Constanda, The University of Tulsa  
Title: The Stories Numbers Can Tell

A collection of elementary yet unusual problems was presented and discussed with the audience, accompanied by comments on some unconventional methods of solution.

Topics included:

Galactic Chess Grand Masters,  
Where There's a Will,  
All in the Family,  
Going Nuts,  
Weighty Matters,  
It's a Zoo Out There,  
Numerical Deception,  
Cards on the Table,  
Playing False,  
A Matter of Integrity,  
Taking the Number of the Year in Vain,  
With or Without Sugar?  
Sitting Comfortably Percentage-wise?  
Doing a Number on Numbers.
